Identify and understand the differences between safe and unsafe situations (i.e. bullying, good touch/bad touch, alcohol, tobacco, other drugs, food contamination, etc.) 4. Understand positive health choices and activities that promote health and help prevent diseases 5. Describe different types of family units and their relationship to health (i.e. single, grandparent, same sex parents, etc.)		
_____	C	Describe the basic structure and functions of the human body systems 1. Understand the effects of lifestyle choices on body systems (i.e. alcohol, tobacco, other drugs, second-hand smoke, food, physical activity, abstinence, etc.)		

3rd Grade Health Curriculum

<p>_____</p> <p>_____</p> <p>_____</p>	<p>2. Recognize how stress and emotions affect the body systems</p> <p>3. Utilize correct terminology for the human body</p> <p>4. Identify the different changes in the body that occur during puberty</p>		
<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>D Describe how physical, social, and emotional environments influence personal health</p> <p>1. Understand the behaviors that could affect other people (i.e. smoking, drinking, physical activity, nutrition, etc.)</p> <p>2. Identify the differences between safe and unsafe situations (i.e. bullying, good touch/bad touch, alcohol, tobacco, other drugs, food contamination, poisonous substances, etc.)</p> <p>3. Know how to access help (i.e. dial 911 in an emergency, trusted adult, etc.)</p> <p>4. Understand the influences of media and peer pressure on health</p>		
<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>E Identify common health issues of children</p> <p>1. Recognize common physical health issues of children in same age group (i.e. intentional and unintentional injury, personal hygiene, etc.)</p> <p>2. Recognize common social health issues of children in same age group (i.e. peer pressure, relationships, etc.)</p> <p>3. Recognize common emotional health issues of children in same age group (i.e. affects of bullying, when family member is sick, sadness, domestic violence, etc.)</p> <p>4. Recognize common environmental health issues that affect children in same age group (i.e. second hand smoke, litter, noise, etc.)</p>		
<p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p> <p>_____</p>	<p>F Identify health problems that should be detected and treated early and explain how childhood injuries and illnesses can be prevented and/or treated</p> <p>1. Recognize symptoms of illness (i.e. runny nose, coughing, fever, stomach ache, sadness, etc.)</p> <p>2. List individuals that can help with detecting and treating childhood injuries and illnesses and explain what role the individuals play (i.e. parents, grandparents, teacher, counselor, nurse, doctor, etc.)</p> <p>3. Understand the benefits of following the directions of health care providers</p> <p>4. List and understand safety rules for different situations (i.e. playground safety, bus safety, classroom rules, etc.)</p> <p>5. Understand the importance of taking personal responsibility for actions</p>		

3rd Grade Health Curriculum

Date	Hobbs Health Standards 5th Grade	NM Standards & Benchmarks	Resources
	II Students will demonstrate the ability to access valid health information and health-promoting products and services		Supplemental Books supplied Additional materials in binder
_____ _____ _____ _____ _____	A Identify characteristics of valid health information and health-promoting products and services <ol style="list-style-type: none"> 1. Identify safe and unsafe products in the home and community (i.e. bleach vs. milk, used needles, etc.) 2. Demonstrate universal precautions in handling unsafe/contaminated products and materials (i.e. blood borne pathogens, etc.) 3. Identify health-promoting products and services (i.e. food choices, community services, physical activity, etc.) 4. Identify where to seek valid health information (i.e. doctor, dentist, nurse, counselor, appropriate adult, etc.) 5. Analyze health information that may be confusing or contradictory (i.e. from media, peers, siblings, etc.) 		
_____ _____ _____ _____	B Demonstrate the ability to locate resources from home, school, and community that provide valid health information <ol style="list-style-type: none"> 1. Demonstrate ability to use emergency phone numbers (i.e. 911, poison control, etc.) 2. Identify safe adults (i.e. parents, teachers, doctor, dentist, nurse, counselor, appropriate adult, etc.) 3. Recognize unsafe environments/situations 4. Identify where to seek valid health information 5. Identify location of first aid kit/station 		
_____ _____	C Explain how the media influences the selection of health information, products, and services <ol style="list-style-type: none"> 1. Identify media messages that may be misleading 2. Identify the goals of media (i.e. sell, entertain, etc.) 		

3rd Grade Health Curriculum

_____		3. Identify media messages that may contain both healthy and unhealthy messages in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional well being		
_____		D Demonstrate the ability to locate school and community health helpers		
_____		1. Explain the role of safety officials (i.e. police, fire, security, crossing guards, etc.) 2. Explain the role(s) of safe adults (i.e. parents, teachers, doctor, dentist, nurse, counselor, appropriate adult, etc.)		

Date		Hobbs _____ Standards 5th Grade	NM Standards & Benchmarks	Resources
	III	Students will demonstrate the ability to practice health-enhancing behaviors and reduce health risks		Supplemental Books supplied Additional materials in binder
_____	A	Identify responsible health behaviors 1. Demonstrate responsible health behaviors (i.e. personal hygiene, participating in dily physical activity, eating fruits and vegetables, wearing seatbelts, abstinence, etc.) 2. Role play conflict resolution skills 3. Identify behaviors that promote healthy relationships (i.e. sharing, supporting, caring, listening, etc.)		
_____	B	Identify personal health needs 1. Identify the relationship between physical activity and nutrition as related to healthy development 2. Identify ways in which diseases are transmitted and are not transmitted (i.e. HIV, common cold, measles, etc.)		

3rd Grade Health Curriculum

—	C	<p>Compare behaviors that are safe to those that are risky or harmful</p> <ol style="list-style-type: none"> 1. Predict consequences of safe and risky behaviors in the areas related to sexuality; nutrition; alcohol, tobacco and other drug use; physical activity; personal safety; mental, social and emotional well-being 2. Understand the consequences of risky behaviors in the areas related to sexuality; nutrition; alcohol; tobacco, and other drug use; physical activity; personal safety; mental, social and emotional wellbeing 		
—	D	<p>Demonstrate strategies to improve or maintain personal health</p> <ol style="list-style-type: none"> 3. Demonstrate ways to improve or maintain personal health in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional wellbeing (i.e. eat fruits and vegetables, exercise, don't smoke, abstinence, etc.) 1. Demonstrate refusal skills in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional well-being 2. Demonstrate healthy choices in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e. avoiding a fight, participating in physical activity, choosing healthier foods from a list of foods, abstinence, etc.) 		
—	E	<p>Develop injury prevention and management strategies for personal health</p> <ol style="list-style-type: none"> 1. Identify when food is safe to eat (i.e. recognize expiration dates, etc.) 2. Demonstrate refusal skills in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional well-being 3. Recognize and demonstrate safety rules at home, in school and in the community 		
—	F	<p>Demonstrate ways to avoid and reduce threatening situations</p> <ol style="list-style-type: none"> 1. Recognize when to ask for help in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; 		

3rd Grade Health Curriculum

_____ _____ _____ _____		mental, social and emotional well-being 2. Recognize how peer pressure can lead to dangerous or risky situations 3. Demonstrate conflict resolution skills G Apply skills to manage stress 1. Identify the body's reaction to stressful situations (i.e. fight or flight, increase heart rate, etc.) 2. Demonstrate stress management skills		
--------------------------------------	--	--	--	--

Date		Hobbs Health Standards 3rd Grade	NM Standards & Benchmarks	Resources
	IV	Students will analyze the influence of culture, media, technology, and other factors on health		Supplemental Books supplied Additional materials in binder
_____ _____ _____ _____	A	Describe how cultures within the local community influence personal health behaviors 1. Describe qualities of different cultures in the school and community and how they contribute to health, safety and personal choices in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional well-being 2. Describe how the media and culture portrays gender roles (i.e. pink=girls, blue=boys, short hair vs. long hair, different toys, etc.)		
_____ _____ _____	B	Explain how media influences thoughts, feelings, and health behaviors 1. Describe the purposes for media (i.e. entertain, sell products, promote services, etc.) 2. Identify how to determine if media messages are true 3. Recognize how media influences feeling and thoughts and health choices in the areas related to sexuality; butrition; alcohol, tobacco, and other drug		

3rd Grade Health Curriculum

		<p>use; physical activity; personal safety; mental, social and emotional well-being (i.e. abstain from sexual behavior, use drugs, be aggressive, eat healthy foods, participate in physical activity, etc.)</p>		
—	C	<p>Describe ways technology can influence personal health</p> <ol style="list-style-type: none"> 1. Describe different forms of technology (i.e. computers, video games, microwaves, cell phones, etc.) 4. Recognize the purposes for technology in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e. medical, conveniences, communication, etc.) 5. Describe how technology affects how we live 		
—	D	<p>Explain how information from school and family influences health</p> <ol style="list-style-type: none"> 1. Describe health messages families give in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional wellbeing (i.e. what types of snacks you eat at home, stranger danger, family activities, etc.) 2. Describe different types of families and how the structure influences health in the areas related to sexuality; nutrition; alcohol, tobacco, and other drug use; physical activity; personal safety; mental, social and emotional well-being (i.e. vegetarian vs. non, working parents and time for family activities and proper nutrition, smoking parents and second hand smoke, etc.) 3. Recognize that there are multiple messages about health based on values and beliefs 		
—				

3rd Grade Health Curriculum

Date	Hobbs _____ Standards 3rd Grade	NM Standards & Benchmarks	Resources
	V Students will demonstrate the ability to use interpersonal communication skills to enhance health		Supplemental Books supplied Additional materials in binder
____ ____ ____	A Distinguish between verbal and non-verbal communication 1. Demonstrate the differences between verbal and non-verbal communication 2. Demonstrate how people communicate in different ways 3. Recognize and describe different feelings and the verbal and non-verbal forms of communication associated with them		
____	B Describe characteristics needed to be a responsible friend and family member 1. Explain the importance of assuming personal responsibility for health behaviors
