

Looking to the future with math acceleration

The Accelerated Academic Summer Immersion (A²SI) is designed to provide additional opportunities for talented mathematics students to accelerate their learning in the areas of advanced mathematics, science, and research. Current 8th - 10th-grade students qualify for the summer A²SI based on student interest and successful performance on the pretest

A²SI courses available

PreAP Algebra I

PreAP Geometry

PreAP Algebra II

Precalculus

Our Mission

The Accelerated Academic Summer Immersion (A²SI) Program is designed to prepare students for entry into a rigorous course of study that affords talented mathematics students the opportunity to accelerate their learning. A²SI enables students to develop critical thinking and problem-solving skills essential to success in Advanced Placement (AP) and college courses.

Students who wish to pursue careers in Science, Technology, Engineering, or Math should strongly consider applying.

What are the eligibility requirements?

- Students must be enrolled in high school for the Fall of 2025 (current 8th - 10th grade students)
- Student must successfully complete pre-requisite courses (i.e., current math course)
- **Students must receive a passing score on the A²SI pre-test**

What are the program requirements?

- Students who participate in A²SI must attend the course for five hours a day for 23 days. No more than two absences will be permitted. More than two absences will be cause for removal from the program. If students will miss more than two days, special permission must be obtained prior to the start of A²SI. Special requests must be submitted to Godswill Barrah, Deputy Superintendent Teacher Development.
- **In order to receive credit for the course, students must complete all weekly assessments and successfully complete the post-test with a grade of 70 or higher.**

How will A²SI course grades be calculated?

Students will earn a grade on their transcript based on the grades of the pre-test, weekly assessments, and post-test. Percentages are as follows:

- Pre-test 5%
- Weekly assessment average 25%
- Post-test 70%

The A²SI course grade will not be calculated into the student's overall GPA

What is the cost?

Summer A²SI courses are offered at **NO COST** to Hobbs Municipal Schools' students. Transportation will be provided.

Important Information

Dates: June 2 to July 3, 2025

Times: 8:00 am to 1:00 pm

Place: Hobbs Freshman High School

For more information contact Deputy Superintendent Godswill Barrah 575-433-0100; barrahg@hobbsschools.net **OR** Brandi Fisher - Fisherb@hobbsschools.net

Application

I am interested in summer A²SI and understand that if accepted I am committed to:

- Attend every day. More than 2 absences will result in removal from the program.
- Breakfast at 7:30 a.m. Be in the classroom by 8 a.m. each day.
- Complete tasks in class as directed.
- Complete homework assignments assigned.
- Exhibit appropriate behavior with teachers and fellow students at all times.
